Why Do I Want An Air Suspension Seat?

Air suspensions reduce the vibration (called transmissibility) felt by the occupant. This helps reduce the pain and fatigue experienced which can help you work longer, more efficiently, and feel better at the end of the work day. Long a standard in heavy trucking, Bostrom brings that comfort to you for your Sprinter work van.

So whether you are the one in the driver's seat or the one in the managers seat the Bostrom Sprint Ride helps deliver improved daily operations and bottom line results.

MADE FOR

Made for Freightliner® Sprinter, Dodge® Sprinter, and Mercedes-Benz® Sprinter vans.
